

St. Paul's Church of England Primary School

Our Year 6 children and the 'Building Bridges' group of parents, governors and teachers have carefully considered what we mean by 'spirituality' .

We have reached the following understanding of 'spirituality' for us and our school:

*'Spirituality is the belief that there is something bigger than ourselves - which we reach out and we can receive from. Things that are spiritual come from our heart and ultimately lead us to a place of peace.'*
